

SLASU/JUN/2023/005

17/06/2023

To whom it may concern,

Mr. Semen Prozorov was selected and sent to us by World Aquatics as a stroke mechanics analyst to work with the Sri Lankan swimming national team. He has been working with our swimmers since 24th May 2023. We are very happy with his expertise and subject knowledge and his commitment to excellent analysis. He has done an amazing job identifying deficiencies in swimming technique and providing solutions to correct them to our swimmers.

We wish him well.

Mahinda Liyanage
General Secretary
